VILLARD DE LANS

Known in the past as “Le Villard”,
meaning the largest town in the area,
Villard de Lans continues to be
a major centre of the Vercors.
It is particularly appreciated for:

EVERYTHING IT OFFERS

For over a century, the resort was known
for its “healthy air and milk”,
making it a Children’s Paradise.

That is a lasting tradition.
Its leisure amenities and services
(healthcare, transport, banking etc.),
which are as good as those of any other
destination, offer convenience
to holidaymakers.

LIFE ROUND THE YEAR

With its pedestrian streets, market,
shops, wave pool,
covered ice rink, casino,
heritage museum and all
activities for every season.

A LIVELY ATMOSPHERE

A large number of occasions and
events mark the life of the village.
Sports, arts,
culture and musical events.

EASY ACCESS

A short distance away from major cities
such as Grenoble (40 min),
Lyon (1.5 hours) or Valence (1.25 hours)
by road, and also
accessible with public transport.

A place like no other

CORRENÇON EN VERCORS

This little “nugget” of the Vercors
is a small well-conserved village.
It is particularly appreciated for:

ITS END-OF-THE-WORLD CHARM

Located at the southern end of the
Vercors plateau, a few kilometres away
from Villard, the road ends at Corrençon,
close to the largest Natural Reserve in
France, the High Plateaux of the Vercors.

A HAVEN OF PEACE

Nestling in a protective natural setting,
the quiet and calm atmosphere of this lit-
tle village offers a restful and invigorating
break in close connection with nature.

EASY ACCESS ON FOOT

Alpine and Nordic skiing pistes to Villard,
the Hameau des Rambins which is
dedicated to children, outdoor activities,
golf course, events, restaurants, shops...

Everything is close to hand and easily
accessible from the centre of the village.

HIGH-QUALITY SERVICE

With an 18-hole golf course,
reputed restaurants and luxurious but
understated accommodation, it is an ideal
destination for those who want a taste
of the natural and authentic life in the
mountains.

Far from the crowds, close to what matters

OUR VALUES AND COMMITMENTS

Welcome to a centre of business and tourism in the Vercors!
While they lie only 6 km apart, Villard and Corrençon offer two very different yet complementary lifestyles.

An exceptional natural environment

At the heart of the Park of the Vercors, at an ideal elevation, on gentle and open slopes that create a protective fortress.

The natural environment is accessible, and suited to outdoor activities by all.

Excellent tourist organisation

Our two villages have “classified tourist resort” certification. That is the highest level of tourist class in France. The mark is a guarantee of top-quality amenities and a varied range of activities for everyone in all seasons.

Besides, the complementary offerings and know-how of the two villages in the area of services to families have been certified since 2007 with the national Famille Plus mark.

Services for families provided by local people

The sense of hospitality and authenticity of mountain people will make you feel at home in a few hours. They will pass on their love and respect for the mountains.

A land of champions

A mountain resort high school, sports clubs and Olympics venue in 1968. The Villard Corrençon resort, when chosen as a home or to grow and train for competitive events, offers top-level sportspeople the finest of training grounds for their demanding regimen.

A true laboratory for the good life. The heart of the Vercors.

THE REGIONAL *Natural Park* OF THE VERCORS

Villard de Lans and Corrençon en Vercors lie at an elevation of 1000 m, on the plateau of the Vercors massif. The Regional Natural Park of the Vercors was instituted in 1970 in the départements of Isère and Drôme.

Its aim: To protect the natural and cultural heritage and contribute to local business development.

The massif of the Vercors offers a series of varied landscapes, some wild and some tamed, sculpted by generations of farmers, shepherds and foresters. Forests, the green lung of the region, cover 60% of the massif.

At the meeting point of the northern and southern pre-Alps, different climatic influences come together. To the north, the rigour of the Alps can be seen in forests of beech and coniferous trees, while in the south, the milder Mediterranean climate is suitable for landscapes covered in lavender, evergreen oak etc. www.parc-du-vercors.fr

LONG-DISTANCE PATHS OF THE VERCORS (GTV)

Villard de Lans/Corrençon en Vercors, doorway to the long distance paths of the Vercors, will enable you to discover the Regional Natural Park of the Vercors on foot, off-road bicycles, horses, or with donkeys or mules.

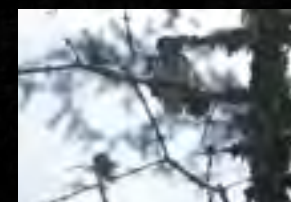

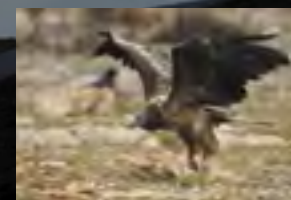

In this lush setting, there are over 130 companies offering activities you can enjoy through your spectacular journeys. They offer to provide their services and share their love for the Vercors with you. www.montourenvercors.com

THE NATURAL RESERVE OF THE HIGH PLATEAUX

With an area of 17,000 hectares, the Natural Reserve of the High Plateaux is the wild heart of the Vercors, with no roads or permanent dwellings; it is the largest in metropolitan France and has been protected since 1985.

This is a demarcated area that protects natural environments and the species that inhabit them. The aim is to preserve biodiversity - fauna, flora, landscapes, geological features, soil and subsoil.

TOP 5 THINGS YOU *cannot afford to miss* WINTER

1

LOOK AT THE VERCORS RANGE FROM THE SKI SLOPES

Did you like the view of the Vercors from the plateau? Wait till you see it from the peaks! And it can be done effortlessly, for pure pleasure. Take the Belvédère chair lift (near Corrençon) up to the top, and enjoy the 360° view of the ridges of the southern Vercors up to Mont Aiguille and of the whole Villard de Lans/Corrençon en Vercors plateau. The view is absolutely magnificent at any time of the day. You could post it on Instagram or share it with the social media you prefer with #villarddelans/correncon.

2

SAVOUR A RACLETTE WITH BLEU DU VERCORS

The grill at the centre of the table, a plate of charcuterie, a steaming bowl of potatoes and a fine board of local cheese.... the mouth waters at the very mention of such delights! We call it "Vercouline". We make raclette with Bleu du Vercors Sassenage AOP cheese. Its mild taste makes it a wonderful alternative for traditional raclette cheese. You will love it.

3

THE WAVE POOL AND NORDIC BATH UPON YOUR RETURN FROM THE SLOPES

Who said swimming is only for the summer? Remember to pack your swim suit (and cap ☺). The aquatic centre in Villard offers an indoor slide, paddling pools for tots and a wave pool.

A moment of relaxation that is much appreciated by people of all ages. You could give the Nordic bath a try. Take a deep breath, open the door, walk up to the outdoor pool and dive into water at 32°C! What a joy it is to breathe in vivifying air without swimming in icy water.

4

TORCHLIT DESCENT

See the instructors of ESF at sunset, in an unforgettable nighttime show. With their torches, they adroitly career down the pistes to demonstrate their skills.

Demonstrations of telemark, speed skiing, skiing with a disability, synchronised wedeln, skiing of the olden days in vintage costumes... you must not miss this show and its atmosphere!

Mulled wine and a fireworks display are offered at the end as the grand finale.

5

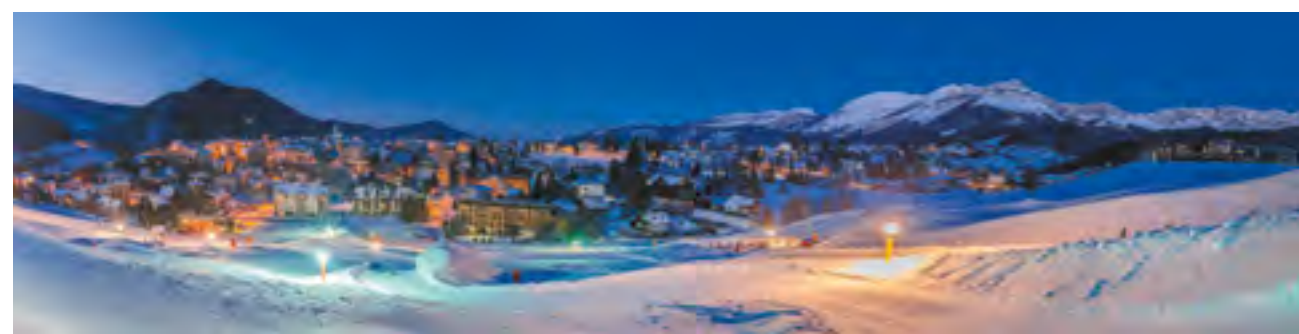

WELLNESS BREAK

Holidays are also meant to be a time for resting. After a day's skiing or just as a little indulgence, take time out and treat yourself to a moment of well-being. Enjoy the benefits of a spa. Switch off, unwind, detox... Shut your eyes and let yourself drift in our spas that provide

jacuzzi, Turkish and sauna baths. You could even top that off with a relaxing massage or beauty care. Everything to allow you to let go ☺.

TOP 5 THINGS YOU *cannot afford to miss*

1 TEST POWER-ASSISTED OFF-ROAD BICYCLES

Tempted yet? Power-assisted bicycles offer a way to go back to sport in the holidays. You have the motivation, but are not quite so fit. Never mind! You will need to pedal, but a bit of assistance when you get back onto the saddle will make cycling seem less formidable. Off you go, with others like yourself. A climb ahead? Your turbo will take you up in no time. And the distant inn, which you believed you would never reach, is now within your range. Take advantage of your experience as an off-road cyclist without being held back.

SUMMER

2 GO AND SAY HULLO TO THE IBEXES AT THE PAS DE L'OEILLE

Mummy, what is the one with the long horns called? Those who like wildlife could go on an excursion that will delight your children. See a wild ibex, one of the six wild ungulates of the Park of the Vercors (with red deer, boar, chamois, roe deer and Barbary sheep).

On your way to the Pas de l'Ouille or at the Lac de la Moucherolle, you have every chance of seeing one, or even many! These unflappable and fearless animals like herd life on the ridges of the Vercors.

3 A SUNSET DRINK AT THE CHÂTEAU JULIEN

Do you want to have a breathtaking view in Olympian calm to admire the falling night? Welcome to the viewpoint of Château Julien, the SPOT to be 😊. Drive up to Bois Barbu and go on up to the car park of Château Julien. From there, after a short walk to reach the viewpoint, admire the monumental work of Chris Drury, and then settle down to a memorable evening. Get out your nibbles and camera, right in front of the iconic peak of the Grande Moucherolle. You are ready to immortalise the moment. Cheers!

And as you go up, the landscape will unroll before your eyes, bringing you closer to the marked paths that will take you to the peaks. Enjoy the finest panoramic views!

4 ASCENSION IN A GONDOLA LIFT

In exactly seven minutes, rise above the ground and discover our peaks and panoramas with the Cote 2000 gondola lift. From the hamlet of Le Balcon de Villard, pick up your ticket and get your children on board.

5 IN THE FOOTSTEPS OF EMILIEN JACQUELIN

Did you know that top sportspeople train in the summer season on roller skis? Whatever is that? Road skiing or the summer version of Nordic skiing 😊. It requires the same techniques, and is the best way to retain form and continue to practice.

In Corrençon, a roller ski biathlon area is available every afternoon if you want to try out that activity. ESF Nordique can also introduce you to biathlon. On a piste or at the shooting range, you may even come across one of our champions.

Children's paradise

Villard and Corrençon have a tradition of child-friendliness that dates from more than 100 years!

Villard became a popular health resort known for the quality of its air in the early 20th century, and entered the health resort list in 1930. Our two villages were soon successful and received large numbers of children for their wholesome "milk, air and sunlight". From the 1960s, summer camps followed by the increasing number of skiing camps upheld our tradition of receiving children.

Here, you will find a number of family-friendly activities and events. During the school holidays, you can pick up the events programme from the tourist offices. Everything is listed.

Shows for children, aquatic contests in the pool, beginners' hockey lessons at the ice rink, treasure hunts, farm visits or outdoor trips for the whole family, and meetings with our mascots Gaston the bear cub and Sissi the marmot.

And if you want some time for yourself, we even have that covered: leisure centres and daycare centres will be happy to keep your little ones entertained.

The Villard/Corrençon resort was awarded the Famille Plus mark in 2006, in recognition of its know-how in receiving families.

Here, you will find activities, free events, accommodation and catering that are suited to families, for a successful holiday.

Relax and enjoy! Famille + booklet available in tourist offices. We are proud partners of the voluntary organisation Petits Princes. It was founded in 1987, and seeks to help seriously ill children and teenagers make their dreams come true.

**Famille+
mark
what it is** ?

A set of child-friendly quality rules:

- + personalised services for families
- + events for all ages
- + prices adapted for each age
- + activities for all age groups, to be experienced together or separately
- + all shops and services to hand
- + children looked after by dedicated professionals

= successful family holidays

Come and get your Famille+ booklet from the tourist offices. You will find a complete list of approved activity and service providers.

OUR MAJOR events

Throughout the year, Villard and Corrençon offer events that must not be missed at any rate.

Each season is marked by a multitude of sporting, artistic, cultural and musical events. You could sign up for a contest, be a passionate spectator and cheer your favourites or volunteer to see the event from the inside along with its organisers. These occasions will be memorable moments of conviviality.

2022 of the year

At the same time, a number of events are in store during the summer school holidays in July and August (shows, concerts, games and sporting events etc.).

As you know, the year 2022 will probably be another special year.

At the time this guide was printed, the COVID-19 pandemic was still present and a health pass was required for admission to public places and some events. It is difficult to say what will happen in future months. Please view our latest news online or call our tourist offices.

Come and pick up the events programme from our tourist offices, or download it to your smartphone by scanning this code.

The home of champions

For over 40 years, our villages have been training and supporting sportspeople.

We are very proud of the Jean Prévost school, which has turned out so many medal winners in a number of fields, and our iconic sports club, which upholds our sporting standards! Villard and Corrençon en Vercors are nurseries for champions, offering ideal conditions for training and performance! Elevation and terrain have naturally made our two villages the cradles and homes of some of the best French winter sports athletes. That is the spirit in which Marie Dorin, Loïs Habert and Robin Duvillard, three recent veterans of international biathlon and cross-country skiing circuits, have created the Zecamp centre in Corrençon. It was designed by and for sportspeople, and also for more contemplative users, with infrastructure that allows everybody to enjoy sport in the best possible conditions and benefit from the advice of pros about the activities you could try during your stay.

Carole Montillet, Olympic gold medallist, and Robin Duvillard, Olympic cross-country skiing medallist, are just two of a generation of Alpine and cross-country skiers, biathletes, freeriders, skaters and hockey players.

NORDIC SKIING AREA

THE NORDIC SKIING AREA OF THE HAUT
VERCORS IS OFTEN COMPARED
TO NORTHERN CANADA
BECAUSE OF THE BEAUTY OF ITS LANDSCAPES.
THE MAGIC OPERATES IN A FEW MINUTES.

From a simple outing to more demanding itineraries,
the pistes twist through forests of fir trees and large
open spaces with an exceptional view.
Immersion in wild nature to appreciate
conventional skiing or skate skiing.
Are you fascinated by French biathlon athletes?
You might even bump into one of
our champions as they train.
Would you recognise
Emilien Jacquelin or Juliette Ducordeau?

KM OF PISTES

📍 CHÂTEAU JULIEN VIEWPOINT [lat. 45°04.51'N/long. 5°48.311'E]

The cross-country skiing area is accessible through three points: Bois Barbu in Villard/Les Hauts Plateaux in Corrençon/Herbouilly in St Martin & St Julien en Vercors, in the Drôme. Ticket offices to buy your package are available at each of these points. A day, a short day, afternoon, or even half a day... it's up to you!

The Nordic area is designed for all abilities and is equipped with snow machines at the start. It also has two sites for newcomers to the biathlon, with a shooting range (10 m and 50 m). It is the place where top-level athletes and the greatest sportspeople like to train. Why not follow their example?

CROSS-COUNTRY SKIING LESSONS

ESF instructors can offer you an opportunity to discover or make progress in cross-country skiing and biathlon in the best possible conditions. The ESF Nordic reception offices can be found at Bois Barbu and Hauts Plateaux. You can choose from group or private lessons. Conventional for ages 5 and above. Skate skiing for ages 9 and above.

BIATHLON

Come and test this exciting discipline. There is a 10 m shooting range in Villard, another 10 m range in Corrençon and a third 50 m range. Beginners can take part in this fun activity with a laser rifle; it helps improve concentration and manage stress.

Relays, challenges or duels - test your team spirit in a group or with your family.

In Corrençon, a roller ski biathlon area is available to enjoy that activity in all seasons. In summer, top-level roller skiers set out on the 5.5 km of tarred tracks (total 14 km distance), which become cross-country trails in winter.

Reach the pistes easily from the village centre using our free shuttle service. Throughout the winter, they will take you to the foot of the pistes. In Corrençon, a connecting Nordic trail connects the village centre to the Nordic Centre of Hauts Plateaux.

At the centre, a biathlon shooting range with 25 targets, approved for regional and national competitions. This exceptional amenity is available to professionals of the sport throughout the year. It is also open to the general public. The lessons may be private or group lessons, with equipment rental.

Sports courses

Dive into the world of top-level sport, coached by Olympic cross-country skiing and biathlon champions. Located at the foot of the Nordic area of Hauts-Plateaux, Zecamp and its founders, L. Habert, M. Dorin-Habert & R. Duvillard, can offer sports courses for different abilities and of varying durations round the year. To develop your skills and benefit from the expertise of pros: biathlon, roller skiing, cross-country skiing, preparation, circuit training etc.

SLEDGING AREAS

GO BACK TO YOUR CHILDHOOD
ON THE SLEDGING TRACKS.
WE HAVE NO FEWER THAN THREE AREAS
DESIGNED FOR SLEDGING IN ALL FORMS.

LA COLLINE DES BAINS:

at the centre of Villard, a unique site in the Alps
where accessibility, ease, conviviality and safety have
been the watchwords while designing this space that
is fully dedicated to sledging

AIR&SMILE AREA:

new play area at the start of the Cote 2000 pistes

LES RAMBINS:

at the centre of the village, particularly suitable for
young children.

For the young and the not so young alike,
mixing all generations.

Why not enjoy a hot chocolate on the south-facing terrace of the Maison de la Colline or a snack by the fireside when it is very cold outside?

VILLARD DE LANS

Sledging and Ski Park of the Colline des Bains

This highly enjoyable space offers a spot for getting a taste for sliding from the youngest age. For beginners and more experienced sliding aficionados, there are six tracks and a range of original and innovative sledges: classic, with steering wheel, side-by-side twin, face down, sledges attached to each other... Change sledges to try another one (subject to availability and snow conditions)!

And to get up to the top of the pistes without making an effort, just take the two carpet lifts. You can buy one or two-hour packages at the ground floor of the Maison de la Colline and pick up the sledges from the first floor (identification required as deposit).

Open every day. Every Wednesday during school holidays, come and enjoy the illuminated Luge Park in night sessions from 6 to 8 pm.

Private events may be organised on the site outside opening hours.

Luge Park Colline des Bains Tel. +33 (0)4 76 56 97 29

DID YOU KNOW?

Take the panoramic track from the snow line to the top of the hill, with a 360° view of the village and the surrounding mountain tops. A free beginners' skiing area for tiny skiers is also available there (see p. 36).

Cote 2000 - Air&Smile area

Located at the bottom of the pistes Balcon de Villard/Cote 2000, this new area includes a carpet lift that serves the sledge track on the one hand and the beginners' skiing piste, a zip line with bends and an airbag on the other. Get your first taste of sledging (sledges with metal brakes recommended). For access, get a Ptitgliss or Grand Domaine package.

If there is not enough snow, guided tours on snow shoes may be maintained. In that case, you will require a good pair of hiking shoes.

Put on your snowshoes and get ready for an unusual hike.

Go to the starting points of the marked paths (Bois Barbu & Hauts Plateaux) for your snowshoeing guide map (€3) or the hiking guide (€3) of the tourist offices. With the map in your pocket, the hikes described can be undertaken unguided.

Those who want to leave the beaten tracks should contact a guide. Their knowledge will only make your hike more exciting. Themed outings are available every week, for a day or half a day: animals in winter/nature discovery/panoramic walk, etc. The tourist offices can inform you about the schedules of the outings.

WALKING FOR PLEASURE

With your backpack, hiking shoes, sunscreen, water bottle and sunglasses, you are equipped and ready to take on the hiking paths of the Vercors!

You just need to pick your itinerary. To help you choose, there are several options:

- get one of our walking guides listing a selection of itineraries, from family walks with tots to walks in the higher reaches. They can be purchased from our tourist offices for €3 or downloaded free of charge from our website.
- For aficionados, the Four Mountains guide map published by the Vercors Park, which costs €8, will satisfy the most seasoned walkers, as it is more complete.

- prepare your next hike with our new interactive 3D information screen when you next go to the tourist office in Villard! Self service, or guided by our stay advisers.
- get the support of a professional.

You could go off on your own with a map, or be accompanied by professionals in your discovery of remarkable biodiversity. There are so many ways to explore our paths in walks.

OFF-ROAD CYCLING

Off-road cycling came into its own in 1987, with the organisation of mountain bike world championships, and has been popular ever since.

Three starting points are available with a variety of circuits, from the easiest to the most advanced, all of them highly enjoyable.

- Villard de Lans - Colline des Bains

- Villard de Lans - Bois Barbu

- Corrençon en Vercors - Hauts Plateaux

Discover them on your own or with a guide, in outings lasting a day or half a day.

These qualified guides are passionate about their home region and will tell you all its secrets and history.

📍 GOLF COURSE OF CORRENÇON EN VERCORS [45°01'24.1"N 5°31'03.0"E]

GOLF COURSE

WANT TO GIVE YOUR STAY A SWING?
DISCOVER OUR GEM, THE GOLF COURSE OF
CORRENÇON EN VERCORS

Designed by the architect Hugues Lambert
and laid out right next to the natural reserve
of the High Plateaux of the Vercors,
this course offers an unimpeded view of the peaks
and its natural surroundings.

Considered by those in the know to be
one of the finest mountain golf courses,
its greens and fairways have been prepared
with care to delight you.

Within sight of the ridges
of the Gerbier and the Grande Moucherolle,
the course nestles between forests of mountain pine,
spruce and ash, and clearings that are isolated from
the rest of the world.

Did you know?

The Corrençon golf course is a perfect illustration of our commitment to sustainable development; it is a source of pride for all local people, as it is the fruit of their efforts.

The project aimed to provide livelihoods away from the winter season.

And it is a success!

30 years after it was inaugurated, local young people still manage and maintain the course with the same passion. Laid out at the entrance to the largest natural reserve in France, the course is particular in that the GR91 trail runs through it, offering non-golfers a chance to enjoy the exceptional landscapes of the Corrençon golf course.

The course is a rolling one with few relief features; it can be technically challenging but does not involve physical strain. You will love the serene location and emerald green fairways. With breathtakingly exceptional views and parts that run through forests, this is a course that will delight your senses. 18 holes, 5340 m, par 71 (licence and green card required). It now has a magnificent new building made in wood.

Useful information

- Groups, companies (works councils, incentive groups), schools or others...
- Packages with infrastructure and private areas (management, dining, meeting rooms etc.).

Inside the Club House, there is a workshop and a Pro Shop (where you can rent carts, trolleys, clubs and garments, shoes and equipment).

Learning and practising

Over an area of 10 hectares, there is a 45-tee driving range, bunkers, putting greens and a very fine compact 5-hole course for playing as if on a real golf course.

Supervisors

The golf academy of Corrençon en Vercors is managed by Romain Menard, state-certified golf instructor. The aim is to take account of each individual, their experience, build and way of playing, in order to achieve progress in line with the expectations and ambitions of all.

For adults and children, a wide range of courses and one-on-one and group lessons are available for all abilities from May to October.

Accommodation with one of our partners

= 20 % off green fees (list on www.golfdecorrencon.com/tourisme).

For children

- Discovery, training and practice sessions organised regularly for children on the learning course.
- May to June and September to October.
- Ages 4 and above.

Five-day courses

→ Ideal for beginners.

→ Score improvement.
